第 21 至 25 題為題組

Advertising demands good ideas. __(21)__ Many believe that the bigger the better. That's what some of the businesses think when they advertise their products. __(22)__ For example, a company that specializes in diet plans chooses to advertise a full page in the local paper instead of running advertisement in a health magazine. Obviously, not many of the dieters will notice the advertisement, and the advertisement does not get the desired attention. __(23)___

The services and product sold should be unique in the market, and so should the advertisement. For example, a line such as "Are you suffering from back pain? You must try our mattresses," are more specific and will catch the attention of the people who have been suffering from back pains for a long time. __(24)__ The last most important thing about advertisements is motivation for the customers. The advertiser must succeed in making customers get up and do something about it. __(25)__ The message should sound confident and clear.

- (A) The advertisement should focus on the uniqueness of the product and how it is better compared to the competitors'.
- (B) They invest a lot of money but do not reach the targeted market.
- (C) Call of action is the final job of the advertisement.
- (D) There are some common mistakes in designing advertisements.
- (E) So the point is to increase the probability of the ad getting viewed by the right customers.

第 26 至 30 題為題組

Traditional Chinese Medicine has a recorded history of 2,500 years. __(26)__ This form of medicine uses not only herbal remedies, but also spiritual philosophies, which are linked to Buddhism and Taoism. According to these traditional beliefs, the human body works through an intricate system that is connected. __(27)__ So balance in your life will help your entire body.

Chinese acne medicine includes two aspects: internal healing and external applications. With the internal healing aspect, you will stand with your feet apart and your arms stretched to the front with your fingers interlocked. When you inhale, you lift your hands over your head during the exhale. __(28)__ By doing this ten times, your body will relieve stress. __(29)__ Many who undergo these treatments find that the overall stress level within their lives is lowered. __(30)__ In this way Chinese medicine will create a full-functional and healthy body.

- (A) When one part of this system is malfunctioning, correcting this part will improve your entire being.
- (B) The exact origin of this practice is considered a legend.
- (C) You move your torso from left to right and right to left.
